First Edition (2026)

STUD SHOWCASE BOOK

Hosted by ISSDC at IEW 2026

May 30, 2026 ; Weirton, WV

The ISSDC, in partnership with the Shiloh Shepherd Resource Center's Stud Gallery, is hosting the First Annual Stud Showcase. Each featured Stud's bio includes:

- Photo
- Name (registered and call name)
- Basic stats & Parentage
- Health Testing results
- DNA (for parentage)
- DNA Diversity; UCDavis and/or Embark
- OTX (outcross) designations & percentage
- IC (inbreeding coefficient); *often referred as a pedigree COI*
- Breeding status & Contact info
- Owner Testimonial
- 3-Generation Pedigree

Showcase Ring Attendees

Meet the boys center stage! The Showcase Ring at ISSDC's IEW will allow event attendees to meet the Stud and talk with the owner/breeder. Each stud will be announced, their owners introduced and their breeders pointed out, if attending. Their bios will be read as they go around the ring allowing you to learn more about them as you see them up close and personal.

Virtual Participants

Even more boys featured in this book. Their bios are included along with the owner testimonials.

DNA footnote:

- DNA for parentage. This test is performed by UC Davis Veterinary Genetics Laboratory (VGL), and genetically verifies the parentage of our Shilohs. UC Davis maintains the largest collection of Shiloh Shepherd DNA samples (over the course of 17+ years), thus are easily able to match parentage when provided with the sire/dam DNA numbers.
- DNA Diversity. UC Davis. "The Veterinary Genetics Laboratory (VGL), in collaboration with Dr. Niels C. Pedersen and staff, has developed a panel of short tandem repeat (STR) markers that will determine genetic diversity across the genome and in the Dog Leukocyte Antigen (DLA) class I and II regions. This test panel is useful to breeders who wish to track and increase genetic diversity of their breed as a long term goal. Please note, this test will not identify the breed."
- Embark, Coefficient of Inbreeding (COI), Genetic Result: "The genetic COI measures the proportion of your dog's genome (her genes) where the genes on the mother's side are identical by descent to those on the father's side. The higher your dog's coefficient of inbreeding (the percentage), the more inbred your dog is." NOTE; This is not related to the Diversity Breed Tests being conducted by UC Davis.

Shiloh Shepherd Resource Center Stud Gallery:

There is currently no charge for this service. Interested in participating? Please contact the library today.

ALL information provided on these studs is on an informational basis only and should NOT be substituted for that provided by the owner, the breeder, and/or their registry.

2026 Stud Showcase

Participation of Studs will be either as Showcase Ring Attendees or Virtual Participants. All are featured in the accompanying Stud Showcase Book and in the Library's Stud Gallery. Stud bios include their health statistics, availability, breeding contacts, owner testimony, and three-generation pedigree. The Showcase Ring at ISSDC's IEW will allow event attendees to meet the Stud and talk with the owner/breeder.

TESTIMONIAL

Arrow is an outstanding stud combining excellent structure, temperament, and manners. He boasts a strong, athletic build with natural balance, confident presence, and masculine soundness that exemplifies the best of old line Shiloh genetics. Beyond his impressive conformation, Arrow's greatest strength lies in his character — calm, intelligent, and people-oriented, he remains composed across varied settings while showing both confidence and kindness. Easy to manage and genuinely enjoyable to live with, he is a distinguished male whose beauty, stability, and lasting presence make him an exceptional breeding prospect. ~Jen Stanley, MountainTop Shilohs, owner/breeder

TESTIMONIAL

“If you take Audy out on the town, you better pack an extra 30 minutes just for his admirers! This gorgeous boy out of the 2024 Gavia/Maverick litter literally stops traffic with his stunning looks, prancing gait, and charismatic charm. He relishes all the attention he duly deserves. Audy is a large, thick-boned boy who is a proud ambassador for the Shiloh breed. He loves everyone—babies, children, teenagers, and adults alike. While he is a vigilant, loyal protector who always watches over his pack; he is also a total goofball who firmly believes every ball in the world belongs to him! Audy is intelligent, obedient, loving, and easily trained. With his stunning looks, exceptional health and winning personality, we can’t wait to find the perfect lady for a future Shiloh pairing. ~ Leanne Davies, owner, with Beth Nergard, Blue Ridge Mountain Shilohs, breeder

TESTIMONIAL

Bear is a smooth-coated stud who truly embodies the best of Shiloh breeding. Striking in appearance, he combines excellent conformation, sound structure, and a beautiful coat with the steady, dependable temperament that makes a Shiloh so special. Calm, intelligent, affectionate, and people-oriented, he is gentle yet confident, easy to live with and a pleasure to handle. As a 2nd generation outcross and OFA CHIC certified, Bear brings both health-tested credentials, diversity, and exceptional breed type to the table. Loyal, stable, and noble, he leaves a lasting impression and is truly a breeder's dream. ~Jen Stanley, MountainTop Shilohs, breeder

TESTIMONIAL

Say hello to Bishop. Built on a big boned frame and a massive head, he stands 31" tall and weights in at a trim 133lbs. Since a young age, Bishop has always been eager to learn, and is a problem solver. He has earned TT, CGC, SBA, and TD certifications. Bishop has grown into a confident and outgoing dog, with a solid temperament. He will be by your side in any situation and loves to socialize. He enjoys meeting people, young and old, and is the topic of conversation. Bishop is a proven stud, who brings many desired traits, one of which is size. It has been said that, "Bishop makes big beautiful babies." ~John Diverieri, Hudson Valley Shilohs, owner

TESTIMONIAL

Brave is an extraordinarily outgoing boy who has never met a stranger. He achieved his Therapy Dog certification by the age of 2 and visits schools and medical facilities, providing a comforting steady presence to everyone he meets. Brave is always eager to please and quick to learn, but he is also just as happy to take a nap and lay around the house all day when we are busy. Brave has a very well balanced structure and passes on his exuberance and sweet nature to his puppies. He is the most versatile, well rounded family companion we could ever have asked for! ~Sarah Anne Hrones, owner

TESTIMONIAL

Cayman is the tall, dark, and handsome type, confident, intelligent, and impossible to ignore. Plush brown sable coat, strong pedigree, and a calm, steady temperament make him the total package. Equal parts gentleman and guardian, he's built to turn heads and pass on excellence. Already proving himself in the ring, he earned Best of Breed in 3 of 4 shows in late February 2026. ~Rachel Atkins, Buckeye Shilohs, owner

TESTIMONIAL

Duck is the perfect balance of beauty, strength, and heart. He represents the very best of the Shiloh breed—both in structure and soundness. His calm, steady presence is matched by an incredibly loving temperament, making him not only an exceptional sire, but also a loyal and gentle companion. With the finest traits of both his mother and father shining through, he carries forward a legacy of quality, intelligence, and devotion that’s impossible to miss. ~Lindsay Hughes, Evergreen State Shilohs, owner/breeder

TESTIMONIAL

Gibson is a happy, thoughtful boy whose presence brings an easy steadiness to every moment. He carries himself with quiet confidence and impressive presence. A true country boy like his mother, Morgen (Salish Sea Shilohs), Gibson is happiest staying close to home and keeping us company. Whether he's napping at your feet, supervising outdoor chores, or simply observing the world, he is fully present. He's a loyal companion who loves to "listen in" on conversations, weighing every word. Gibson is a thinker first—he likes to analyze a situation before responding, and while he has a hint of stubbornness, he ultimately obeys with a good natured sigh after making his feelings known. Gibson brings heart, steadiness, and intelligence to every interaction, making him a wonderful contributor to the future of the breed. ~Dawn Marsh, owner

TESTIMONIAL

Don't let his name fool you, Grimm is a sweet softy with a heart of gold. He is very family oriented and extremely biddable, and was a piece of cake to train because he is always checking in and making sure he is doing the right thing. He loves being around people and has a calm, dependable temperament that makes him a wonderful companion and a steady presence in our pack of 6 dogs. Both loyal and gentle, he is the favorite of many children who stop us out in public to pet him because he is so composed and relaxed. We always marvel at how lucky we are to have him in our family! ~Sarah Anne Hrones, owner

TESTIMONIAL

Kepler is a sweet, softer tempered boy who enjoys sleeping just as much as he does long walks in the tree farm near our home. He has a temperament to die for, goofy and silly, but also careful and mindful around baby puppies despite his giant feet. He is our resident “manny” and can easily navigate running through a litter of 10 puppies without stepping on a single one. Most of the day Kepler can be found lounging around, and he was certainly one of the easiest puppies we have ever raised. He has wonderful bone, beautiful pigment, a full flowy coat and a teddy bear expression. Additionally he is a very well mannered stud to live with even with girls around in season. If you are looking for a boy with a sweet disposition, a larger frame, good pigment and superb bone this may be your guy. ~Amanda Carnes, NewMoon Shilohs, owner

TESTIMONIAL

Moses was a noteworthy stud whose presence and influence are reflected through the generations that followed him. Masculine, balanced, and substantial, he embodied the quality and breed type that define the best of old line Shiloh breeding. His contributions went beyond appearance — he brought strength, sound structure, and the steady temperament breeders look for when planning future generations. A true stud leaves consistency, type, and character in his descendants, and Moses was exactly that kind of male. His legacy remains a meaningful part of the MountainTop's story. ~Jen Stanley, MountainTop Shilohs, breeder

TESTIMONIAL

It's hard to believe Odin is about to turn 9 years old. He is exactly what a Shiloh should be; noble. Odin is not only a breed champion, he is an international champion. In his prime, he was awarded Grand Victor 4 times in TSSR and ISSDC. Odin is also a registered Therapy Dog and has achieved many titles in various sports throughout the years. He is balanced, with huge bone, small pricked ears and a saber tail. Proven stud with 99% motility. Fresh/frozen available. ~Suzee Aff, Vahalla Shilohs, owner

TESTIMONIAL

Outlaw is equal parts adventure buddy and couch potato. He's happy to spend the day hiking or being your favorite weighted blanket at home. He's confident, extremely loyal, and convinced every stranger is just a friend he hasn't met yet. He loves everyone he meets and gets along well with dogs, cats, kids, and even his parrot sibling. He's CGC titled, an ICKC Champion, and a working cardiac alert service dog with a nose for scent work and barn hunt. Outlaw is proof that you really can have brains, loyalty, and a goofy personality all in one dog.

TESTIMONIAL

Upon retirement the first thing I did was get a new puppy to be my travel companion. Quest has been all that and more. Our first dog show was just to visit and meet his dad and sister. That's when I was encouraged to show him. He has done quite well, even with me slowing him down. He is very in tune and never takes his eyes off me. The only thing he loves more than snuggling, is playing Frisbee. ~Dee Bunker, Deelite Shilohs, owner

TESTIMONIAL

Meet Smoky, our 2024 Gavia/Maverick pup who has completely stolen our hearts. He's a big, beautiful boy with a sweet face and gentle soul to match! Whether he's showing off his skills in odor detection (he loves the command "let's work!") or chasing a frisbee, his joy is infectious. Smoky makes friends wherever he goes; greeting everyone of all sizes with restrained excitement. You will be his Best Friend Forever should you have a treat or willing to endure unending ball play! We think Smoky is a striking male with impressive size, broad head and muzzle and piercing eyes. He has a bit of a fan club that backs up our view with comments like – stunning, handsome, gorgeous, big head, hunk, beautiful. Smoky is a very smart boy, our household entertainer, and my morning coffee cuddle companion. We are so proud of the male he is becoming and are looking forward to finding lovely lady to create a great Shiloh pairing. ~ Beth Nergard, Blue Ridge Mountain Shilohs, owner/breeder

Zane Grey is best described as a giant cuddly black bear with a super sweet, biddable temperament. This mama's boy stops traffic wherever he goes. He is third generation from our foundation stud, Kilian (NSx6 rbiCH Brk Chapls Irish Red O Bearpaw TT, CGC, ROM). Zane Grey is a legacy Champion, with both parents holding multiple National Select titles plus four additional generations of Breed Champions, National Selects and Grand Victors behind him. His progeny continues to carry the legacy forward with multiple Breed Champion achievements, several National Select titles, a Grand Victrix and a Puppy of the Year ... so far. We are very hopeful for the future with the grand progeny now making an appearance. Zane Grey is recognized for passing on his sweet, loving temperament, flowing movement, thick bone and gorgeous coats on to his offspring. ~Rhonda Van Emon, Brick Chapel Shilohs, owner

Tribute to Kim Murnyack, High Caliber Shilohs

*Kimberly S Murnyack, High Caliber Shilohs
2/12/1973 – 11/11/2023*

Kim Murnyack was a very giving person, and you could always count on her to help with whatever she could. She was especially fond of dogs and was a long and dedicated breeder of Shiloh Shepherds. Moose was Kim's first Shiloh followed quickly by her foundation girls, Terra and Kiana. In 2010 High Caliber Shilohs was founded with the arrival of her first litter.

Kim was a long-term and dedicated member of the ISSDC, first joining the club in 2009 (14 yrs). She was incredibly active in showing her Shilohs, earning multiple annual awards. Kim and High Caliber Shilohs brought home their first National Select in 2009. Between 2009 and 2018 they were awarded multiple Puppies of the Year, National Selects and even Grand Victor. A dedicated club member and passionate about showing, Kim served on the Show Committee and tirelessly managed the ISSDC's WinSheet tallies for annual awards and championships over 12 years.

She will be remembered for so many things, including her kindness, her love of dogs, and her lasting impact she made in the Shiloh Shepherd breed. Her lasting legacy are the Studs which she had the foresight to continue to preserve. She would have loved the Stud Showcase. She would have shown up ringside with at least four of her boys.

The Stud Gallery features the following emeritus studs from Kim's legacy: Bolt, Cam, Colby, Gryffyn, Oz, and Shak.

High Caliber Shilohs' emeritus studs
